

**CHARITY FOUNDATION**  
**«UNDER THE FLAG OF KINDNESS!»**

**Ten years in a row** the Russian National charity action “Under the Flag of Kindness!” will be had held in the Russian Federation. And every year we find ourselves increasingly convinced of the relevance of the great words said by the great doctor and an outstanding human, **Friedrich Haass: “Hasten to do good!”** Care about the life and welfare of children has received a good response in the hearts of hundreds of thousands of people.

The Charity foundation “Under the Flag of Kindness!” was started with the purpose of targeted financial aid to children in need of expensive treatment, prominent political and public figures started in 2005. The foundation operates within the Russian National charity actions “Under the Flag of Kindness!” events, under the patronage of the Ministry of Health in the following directions:

- *Targeted aid to critically ill children who are in need of costly treatment;*
- *Free transportation and flights for children from remote areas of Russia to the leading federal clinics;*
- ***Social adaptation of orphans, children deprived of parental care, and dependents of with the help of young volunteers;***
- ***training young volunteers at the Volunteer Movement Center, with the participation of the Department of Polyclinic Pediatrics of the Russian Medical Academy of Postgraduate Education, and regional public healthcare authorities;***
- ***making arrangements for rehabilitative vacations of children in distress (children are sent for vacations to the children centers Orlyonok and Smena).***

**Since 2005** until now, according to the lists compiled by healthcare professionals, 2866 personal certificates have been issued as guarantees of payment for treatment of severely ill children from various regions of Russia, for a total amount of over **259 million rubles**. The Foundation’s work is supported by the Ministry of Health of the RF, Ministry of Sports of the RF, Ministry of Science and Education of the RF, and Administrations of the regions of the RF that participate in the “Under the Flag of Kindness!” action.

Famous artists of Russia, politicians, journalists, physicians, athletes and simple citizens of Russia participate in the charity Foundation’s events.

*Kirill, Holy Patriarch  
of Moscow  
and all the Rus'*

*To the participants and organizers  
of the All-Russia Charity Program  
“Under the Flag of Kindness”  
Moscow, December 2010*

***Dear brothers and sisters,***

*“I am addressing my cordial greetings to all participants and organizers of the All-Russia Charity Program “Under the Flag of Kindness”, which aims to provide assistance to critically ill children who need costly medical treatment.*

*It is gratifying to know that so many well-known and worthy people have gathered together to give an example of unselfish love for their neighbors, an example of compassion and benevolence.*

*By your sympathetic attitude towards those who are afflicted and in need of care the many of you have displayed your desire to follow the words of the Holy Scripture: “...all of you, have unity of spirit, sympathy, love for one another, a tender heart, and a humble mind.” (1 Peter 3:8).*

*The funds raised in the course of the program help children, the littlest and most vulnerable members of society, recover health, and in some cases, even save their life. May your sacrifices and labors be acceptable to the Lord.*

*I wish the organizers of this project further success in their undertakings, growth of the number of participants, and of sponsors supporting this charitable deed.*

*May God’s help be with you in all your kind endeavors.”*

**A letter from the First Deputy Chairman  
of the State Duma of the Russian Federation,  
the Head of the Russian Olympic Committee  
Alexandr ZHUKOV**

*To the participants and organizers  
of the volunteer movement Center  
“Under the Flag of Good Will!”*

*Dear Friends!*

*I sincerely welcome the initiative of the charity foundation  
“Under the Flag of Kindness!” of creating an educational and  
methodological center of volunteer training and education for  
helping orphans, to adapt and socialize.*

*The aspiration to help children, that are in difficult life  
circumstances – is your worthy choice. Uniting your wishes and  
practical actions, you really do improve the children’s condition,  
create favorable conditions for their education and development!*

*Since 2005, with support of famous artists, politicians, athletes,  
scientists, journalists, art and culture figures, the Charity foundation  
“Under the Flag of Kindness!” was created and is successfully  
operating ever since, providing aid to children in need for expensive  
medical treatment. I am sure, that you will be able to cope with  
a new, equally important challenge.*

*In our country development of youth volunteer movement is  
gradually gaining power – and that is a great fact. Assistance to  
volunteer activities development is becoming one of the government’s  
social and youth policy’s directions, including assistance in  
socializing and adapting orphans. That is why we support the  
desire of young people to acquire all the skills that are necessary  
for this kind of activities.*

*I wish that all the participants and organizers of the volunteer  
movement Center “Under the Flag of Good Will!” will be productive  
in their work, will improve professionally, will achieve creative  
success and have inspiring initiatives and new achievements!*

**Deputy Prime Minister  
Of the Russian Federation  
Arkady DVORKOVICH**

*“Dear friends! Greetings to the participants of the interregional videoconference «There is no such word as an orphan in a country with a volunteer movement!*

*The volunteer movement in Russia is developing gradually. It is a good thing to do and a serious choice – help those, who are in difficult life circumstances. It is great, that there are caring people, – such as volunteers from the volunteer foundation “Under the Flag of Good Will!”, and many others who are ready to help others.*

*I wish all of the participants of the videoconference a productive experience! I am sure, that during the discussion you will work out suggestions that will help the development of social volunteer work in our country! Good luck!”*

**The Children's Rights Commissioner  
for the President of the Russian Federation  
(children's ombudsman).**

**Pavel ASTAKHOV**

*To the participants and organizers of the annual  
National Russian volunteer movement Forum  
“Under the Flag of Good Will!”  
Dear Friends!*

*I welcome you to the opening of the Annual National Russian  
volunteer movement Forum “Under the Flag of Good Will!”*

*Solution of social problems of the Government nowadays  
is not possible without attracting public, volunteer forces.  
Nowadays a well prepared, educated volunteer can do more  
good than official organizations.*

*In my experience I have many examples of active work and  
unindifferent attitude of volunteer organizations that gave timely  
aid to children in need, whose rights were violated.*

*I also want to state, that there is a problem recruiting  
pedagogical staff of facilities for children, especially in facilities  
for children with disabilities. Unfortunately, young specialists  
don't go to work in kindergartens, orphanages and boarding  
schools and that is why these facilities are especially in need of  
volunteer help.*

*I especially want to recognize the help of volunteer  
organizations in finding missing children, because every year,  
around 50 thousand children go missing in Russia. And more  
than once volunteer organizations proved their effectiveness.*

*I wish all the participants of the seminar to do productive  
work and achieve success in it. I expect, that the decisions that you  
will work out during the gathering will be successfully realised.*

**General Director  
Of the Mortgage Loan Agency  
Alexandr SEMENYAKA**

*“On behalf of the Mortgage Loan Agency and on my own, I welcome the activities of the “Under the Flag of Kindness!” Foundation.*

*Charity is one of those things that fill life with meaning and vigor. Only selflessly helping others can a human soul grow and reach an ennobled state. It makes up a real human being.*

*This is a difficult task, especially when it becomes the lifework. To organize a single fund-raising event for sick children is a wonderful honorable step. But to renew these events every year, engaging new friends in the undertaking is indeed an admirable work.*

*Some of these kids have to endure torment and ordeals that they will not be able to withstand without our help. And it is very significant that famous people, who are generally busy and have tense schedules, manage to find time to get involved and are willing to use their best effort to draw public attention to this issue and raise money for medical treatment. For that very reason, “Under the Flag of Kindness” Foundation gives all of us an example of understanding and generosity of a human soul. I am glad that we managed to make our humble contribution in the program and support children with your help. More specifically, the Foundation’s endeavors in the promotion of a volunteer charity movement also deserve commendation.*

*Thank you for your mission of helping sick children; for your everlasting commitment to this cause, which was embarked once, and fortunately, has not died out since. While over the last few years our country has gone through various periods, including a few crisis ones, your programs live on, and this is a heartwarming fact. We are hopeful that your activities will continue, and more and more wonderful people will be willing to join you under your flag, the Flag of Kindness!*

## THE FOUNDATION'S WORK

1. Targeting transfer of funds, raised in the events of the Russian National charity action “Under the Flag of Kindness!” in the Russian Federation to the medical institutions under the federal subordination and regional children facilities, specialized on providing medical treatment to critically ill children;
2. Interaction with the public health authorities on providing critically ill children with the needed types of medical treatment, paid for by the charity donations in the priority directions of providing high-tech medical aid that is the most relevant in the current time period;
3. Arranging flights for children, in need of medical examination and costly treatment (and the persons accompanying them), from the remote regions to the locations of the leading clinics in Russia;
4. Engaging active youths, whose actions are aimed to charity and volunteer support of critically ill children, orphans and disabled children to the events held by the Charity Foundation “Under the Flag of Kindness”;
5. Preparation and arrangement of the academic process (including master-classes by the specialists in volunteering, charity, creating social projects) informational and training seminars, leisure and sporting activities for the volunteers;
6. Participation in the expert groups of the Council of the non-governmental organizations on patient’s rights protection of the Ministry of Health of the RF;
7. Arranging events, aimed at the orphan’s socialization;
8. Development of volunteer groups, that independently solve urgent social problems, considering and promoting volunteerism in their environment as a free, voluntary, conscientious work of good quality;
9. Coverage of the current work in the media, attraction of public attention to the issues of children’s health, compilation and publication of the program’s report documentation, as an evidence of the need to develop charitable activities, social effectiveness of the program.

*Children, supported by the charity foundation “Under the Flag of Kindness!”*

**Our Russian National charity action “Under the Flag of Kindness!”** is dedicated to children. It was launched in 2005, on June, 12, the Day of Russia, with a charity football match between the sports club “Rosich” under the Government of the Russian Federation and “Starco”, the football club of Russia’s show business stars. Since then, the action is held annually. Its purpose is providing targeted aid.

The charity matches were held in: Moscow, Nizhny Novgorod, Arzamas, Gorodec, Dzerzhinsk, Kazan, Belgorod, Taganrog, Sochi, Saint Petersburg, Krasnoyarsk, Krasnodar, Perm, Yaroslavl, Samara, Kaliningrad, Ivanovo, Chita, Tobolsk, Volgograd, Irkutsk, Bobrov, Novorossiysk, Rostov-on-Don, Naberezhnye Chelny, Saratov, Saransk, Kurchatov, Krasnoznamensk, camp “Orlenok”, Varkaus(Finland). All the funds, raised during the matches are spend on children’s treatment.

The “Under the Flag of Kindness!” Charity Foundation’s program expressing it’s civil attitude, supports the government program of providing help to critically ill children. It was created and works with a goal of providing qualified medical treatment and simple human support to every child that is part of the program.

*Awarding of certificates that guarantee coverage of all the expenses of medical treatment for children – a football match tradition since 2005*

**A letter from Professor,  
Doctor of medical sciences,  
Corresponding member of RAMS,  
Director of the research institute of  
Transplantation and artificial organs  
Sergey GOTIE**

*Dear Natalya!*

*The staff of the Federal scientific center Transplantation and Artificial Organs of academician, V.I. Shumakov of the Ministry of Health of the Russian Federation expresses sincere gratitude to “S7” airlines for providing the seats for the travel to Moscow and to the charity Foundation “Under the Flag of Kindness!” for paying for those travels, that were used by the children, patients of the Center, that had a liver transplantation surgery.*

*After the liver transplantation the children have to regularly see their doctor for the rest of their lives at the Federal scientific center Transplantation and Artificial Organs of academician, V.I. Shumakov of Health of the Russian Federation. They have to go through an examination once in every 1-3 months. For many families with low incomes (large families, single parent families), especially those, who live in distant regions of Russia, the free transfers to Moscow, provided by the Charity Foundation “Under the Flag of Kindness!” and “S7” airlines are the only way to manage the condition of their child’s health.*

*We hope that your support of our little patients continues in the future.*

*Best regards,*

*S.V. Gotie*

**Honored Doctor of Russia,  
Medical Director of the Russian  
Children's Clinical Hospital**  
**Nikolay VAGANOV**

*Treatment of children suffering from hematological, oncological and immunological disorders is one of the most expensive types of medical therapy; it requires state-of-the-art medication, laboratory and diagnostic tests, long rehabilitation and recuperation periods. Over 18 percent of patients taken to our hospital are children who receive treatment associated with hi-tech, costly medical procedures. We try our utmost to provide medical services for free, but it is just impossible to cover treatment charges of all patients by government-allocated funds.*

*The hospital needs assistance on a permanent basis, and uses it to help children: to pay for expensive surgical procedures and for drugs. We have always supported projects of beneficence and charity, regardless of their sources. Over the past year, we have witnessed an increased flow of charity donations; we take care to distribute them among as many medical departments as we can. But there is a lack of funds all the same; charity donations make up 5 to 6 percent of the clinic's consolidated budget. However, in many cases it is due to a timely help from businesses and private individuals that we have saved lives of dozens of children.*

*I have been privileged to take an active and direct part in the program "Under the Flag of Kindness!" since its very inception. Three years ago, this wonderful project, now a household name in this country, literally plunged our clinic in a whirlpool of events. This program is distinguished by the fact that it provides targeted help and support. The raised funds are not used for the development of the medical industry as a whole, are not just transferred to medical facilities, but they are effectively used to help alleviate suffering that has a real name, i.e. suffering of a particular child whose pain we also feel and whose plight we also live through. Families of sick children receive certificates for medical help. This is the right thing to do both from the psychological and legal viewpoints; parents know that their kid has been selected from the list approved by the Ministry of Public Health, they know payment deadlines, and the amount they are getting. Large sums of money have been raised over the years since the program was launched. I am very pleased to learn that "Under the Flag of Kindness" has other Russian hospitals as partners, besides ours, and I am glad this project takes a proactive approach, that it is developing, oversteps boundaries, embraces new cities and towns, and draws attention of an increasing number of people willing to help our children. All the money raised by the program is spent on this sacred purpose. We are on our way to a civilized society where help to the needy is a calling and duty of every self-respecting human being.*

*To N.V. Davydova  
Charity Foundation “Under the Flag of Kindness!”*

*Charity Foundation “Under the Flag of Kindness!” and the volunteer movement Center “Under the Flag of Good Will!” provide comprehensive support to the children with disabilities from all over the country, they pay for the treatment of the seriously ill patients from all over the country and develop the volunteer movement in Russia. We want to express our gratitude to the Foundation that over the last 7 years have been organizing sports events for the youth, interregional conferences, and round tables, that unity the medical society, Russian and foreign specialists, attracts the attention of the cultural figures, politicians, artists to the problems of charity in Russia.*

*I wish you to have success, continuation of the Foundation’s successful work, new ideas and their realizations to the founders and partners and especially to the head of the Board of Directors N.V. Davydova. Thank you for the work of the Foundation “Under the Flag of Kindness!”!*

*Best regards,*

## Organization of charitable flights

From October, 2009 to 2013 in partnership with the S7 Airlines, **1191** were provided flights for diseased children with their parents from remote areas of the country to the leading Moscow clinics for control examinations. Currently, more than **30** flights take place every month.

*“Hello!*

*We express our deepest gratitude to all of the staff of your foundation and the S7 Airlines for the support and the organization of flights! Your participation gives us confidence and an opportunity to maintain life and health of our baby. When we feel help from the outside we feel warmth in our hearts! Heartfelt THANK YOU!*

*Yours respectfully, Sysoevs faamily”.*

*“Hello. Polina and I will grant one of our pictures or handmade toys with pleasure but only in the future because we are too young for that now. Today Polina turned year and a half. We will send pictures of us before and after the operation. Look, how beautiful she is! Like a normal, healthy child! Thank you for helping us in a hard time. We are happy that we met such good people, that helped us heal the our child. I want to say a big mother’s THANK YOU!*

*Yours, respectfully, Olga and Polina”.*

## Благодарственное письмо

Ма, семья Кудряков, от всего сердца хотим выразить свою признательность и сказать огромное родимельское "СПАСИБО" благотворительному фонду "Под флагом Доброты" и авиакомпании "S7" за Ваше участие в судьбе нашего ребёнка, Кудряков Евгения, а также многих других детей. Мы благодарим Вас за предоставленное авиабилетом к месту обследования и лечения нашего сына и перевозку до места рождения.

Ваша помощь и поддержка очень важна для нас, и по-прежнему остаются бесценными для каждого ребёнка и родителей.

Желаем Вам процветания и успеха в Вашей бескорыстной и самоотверженной работе, чтобы как можно больше детей наших дней. Спасибо Вам, здоровья, сил и энергии для реализации наших планов!

С уважением и благодарностью,  
семья Кудряков.

"We to express our deepest gratitude and say a big family's THANK YOU to the charity foundation "Under the Flag of Kindness!" and S7 Airlines for your participation in the life of our child, Kuzmin Evgeny, and in many other children's lives. We thank you for providing us with air tickets to the clinic, for our son's medical examination and treatment.

Your help and support are very important for us and are still priceless for every child and parent.

We wish you prosperity in your selfless work that is so important for our children today, I hope you continue being successful, be healthy and energetic enough to realize all of your plans for the future!

With respect and hope for future cooperation,  
Kuzmin family".

"We would like to say a big thank you to the workers of the "Under the Flag of Kindness!" Foundation and the S7 Airlines for providing us with an opportunity to fly from Ufa to Moscow where 6 years ago our son had a liver transplant at the Federal scientific center Transplantation and Artificial Organs of academician, V.I. Shumakov.

Owing to you and the S7 Airlines we can fly to our examinations and that is very important for the child and for our big family.

You really do good and bring blessings to the world.

Yours respectfully, Fedulovs family"

## Program for Social Adaptation of Orphans.

***A program to assist children deprived of parental care has been launched within the framework of the program “Under the Flag of Kindness!”, aided by the Underprivileged Children Support Foundation (set up by Decree No. 404 of the President of the Russian Federation, dated March 26, 2008) and Mortgage Loan Agency.***

The main goals of the Program for Social Adaptation of Orphans are:

- Consulting, informing and mentoring volunteers;
- Teaming up volunteers for particular events to be run within the framework of a particular project;
- Making arrangements for work (training) of the voluntary movement center on training sites;
- Running children’s charity festivals and concerts;
- Running events aiming at social adaptation of orphans;
- Cultural, entertaining and athletic fund-raising events to collect donations from private individuals and businesses and provide support to orphans within the framework of the Russian national Charity Program “Under the Flag of Kindness!” and a particular project;
- Compiling and placing information about the program’s results in the media, children’s publications and websites;
- Cultivating a positive perception of charity work in society, promoting charity with the purpose of drawing public attention to the problems faced by orphans;
- Encouraging and fostering charitable ideas and humanity in society.

The following events are arranged in 9 orphanages in Moscow with the help of volunteers: orphanage visits, walks with children and accompaniment on the trips to the theatres, parks, the ZOO, and the circus shows. 14 cultural facilities participate in the program:

- V.L. Durov animal theatre
- Kuklachev cat theatre;
- Moscow puppet theatre “Zhar Ptica”
- Obrazcov central puppet theatre;
- Moscow ZOO, and others.

## Organization of the work of the volunteer movement Center “Under the Flag of Good Will!”

Volunteer Movement Center “Under the Flag of Good Will!” was created in 2010. The main goal of the Center is to help volunteers acquire a comprehensive set of skills enabling them to take care of orphaned children. In the process of education volunteers receive basic knowledge on the topics of children pedagogy, psychology and medicine, understanding of a healthy lifestyle. They acquire skills of well-mannered communication.

The volunteers are educated in the following directions:

- Arrangement and holding of events, promoting a healthy lifestyle;
- Basic knowledge of social project planning;
- Skills of substantial programming of targeted projects for children and adolescents;
- Methods of organizing and analyzing missionary projects;
- Techniques of pedagogical direction of theatrical projects for children and adolescents (including children with disabilities);
- Skills of practical work on exact social meaningful plays;
- Practical skills on organizing the rehearsal and creative activities for the implementation of projects, prepared by the participants.

The Center regularly organizes videoconferences that cover the following topics:

- Development of volunteerism;
- Legal acts of volunteer work;
- Psychological development of orphans;
- Support of children with somatic diseases;
- Prevention of deviant behavior of orphans;
- first aid.

In cooperation with the Ministry of Health of the RF in April, 2012 was created a course of remote video lectures for volunteers of Russia working with orphans, children with disabilities, children suffering from oncological and other severe diseases.

More than a 1000 volunteers from various regions of Russia have been educated in the volunteer movement Center “Under the Flag of Good Will!”

## **VOLUNTEERING SCHOOL**

### **“UNDER THE FLAG OF GOOD WILL!”**

**In January, 2013**, the training course of volunteer education of **the Volunteer Movement Center «Under the Flag of Good Will!»** started in the city consultative and diagnostic center of specific immunoprophylaxis. The principal objective of the Voluntary Movement Center is to help volunteers acquire a comprehensive set of skills enabling them to take care of orphaned children.

Our volunteers are students of Medical College №5, MSMU n.Sechenov, Bauman University, school №1388 by MSMU, MC №2, MSU of print.

**Volunteer Movement** center was created with support and direct participation of the the Polyclinic Pediatrics Chair of the Russian Medical Academy of Postgraduate Education, MNRI of pediatrics and child surgery, Moscow Healthcare Department’s administration of organizing medical aid to children and mothers.

**Throughout 5 months** volunteers acquired a comprehensive set of skills enabling them to take care of orphaned children. The knowledge that the students received over the course of studies will not only help them in volunteer activities but will also be useful in their future life.

**In May, 2013** the final meeting of the Center’s «Volunteering school» took place.

**At the meeting the students participated in lectures and master-classes by:**

– The Head of the volunteer work department of «LB Newham» – **Nancy Teresa Lansbury Whiskin**, coordinator of the volunteer work at the London Olympics in 2012. The Volunteer Program which Nancy works in became the largest in Great Britain and received the Queens Jubilee Award.

– **MD V.A. Doskin**, Holder of the Polyclinic Pediatrics Chair of the Russian Medical Academy of Postgraduate Education.

## “From Heart to Heart – volunteer support relay”

**July 28 to August, 5, 2013** Charity Program “Under the Flag of Kindness!” participated in the Russian National youth Forum “Seliger-2013”, in the framework of the Forum’s “Youth organizations shift”, where **the volunteer movement Center “Under the Flag of Good Will!”** introduced it’s educational program **“From Heart to Heart – volunteer support relay”**.

The participants of the “Youth Organizations” shift were the representatives of regional volunteer organizations from Arzamas, Tobolsk, Chelyabinsk, Moscow and other cities of Russia. They were the winners of a competition held during the Moscow volunteer gathering, volunteers from international charity actions – “Art-fotball” Festival and “Under the Flag of Kindness!”, Participants of the youth Forum, held in camp “Orlenok”.

The biggest impression for the participants of the shift was **the arrival of the President of Russia, Vladimir Vladimirovich Putin**. Various youth movements and organizations – historical, ecological, military-patriotic, introduced themselves and their programs and spoke about the questions that concern them.

The squad of the “Under the Flag of Good Will!” Center also had questions: how can the number of volunteers in our country be increased? What plans does the Government have, concerning the support of the volunteer movement?

Addressing the leaders and the members of volunteer organizations, the President said:

– First of all, I would like to thank all of you people, who work for volunteer organizations, for your labor, that is very important for our country. I support the idea of making the next year – the Year of Volunteers.

To N.V. Davydova  
Charity Foundation  
“Under the Flag of Kindness!”

**Dear Natalya!**

Department of Social Policy of the Administration of the urban district Saransk after learning about your Foundation's actions, expresses gratitude for the huge contribution in volunteer movement and charity development. In Saransk urban district a number of social projects are being realized, among them are “Charity season to children”, “City of Kind actions”, “A world of different colors”.

We offer to unite our efforts: we are ready to be a regional volunteer Center of your Foundation and be a member of the Russian National Charity Program “Under the Flag of Kindness!”

Best regards,  
G.A. Lotvanova

*Letters of gratitude from families, orphanages and cities Administrations*

*“Our work does not mean just medical assistance, but also human sympathy and support. It is very important to infuse optimism and confidence in the hearts of suffering parents and their afflicted children. For so many of them, this is the only chance for survival. We earnestly believe in our cause, believe in its importance, significance and usefulness”.*

**Chairman of the Board of the charity foundation
